Rev H. Courtland Robinson D.D.

My dear Brother;

Under a separate cover I am sending you a copy of The Methodist which contains an article on the front page and which is marked I would like to have you broadcast through the columns of The Presbyterian for the enlightenment of your numerous readers concerning a "wolf in sheep's clothing" whose record should be made known from the Atlantic to the Pacific, and from the lakes to the gulf.

I do hope you can see your way clear to publish it.

I enclose a postage stamp for the payment of the postage on The Methodist which I desire to be returned to me.

Very cordially yours,

(Rev) D. F. Unangst.

Dear Dr. Robinson:- Miss Blair aged 85 told me at church today that she thot "The Presbyterian" had never been better than it is just now. "I often think" she said, "that I would sit down and write them ("The Presb") a note and tell them about it, but when I saw you - I thot I would tell you". I told her I would pass it on.

It seems as tho' in every issue of the "Red Magazine" that I see a strong editorial by Mark Matthews or by Clarence Macartney or by both and I should very much like to see more of their work in Presb.

I believe Mr. Anderson's notice of "The Presbyterian" in the enclosed Calendar very good don't you.

Cordially yours
H. S. Woolwet.
